A message from the co-founder, Richard W. Dubois:

"One of TeligentIP's founding principles is customer focus.

We do everything in our power to ensure that every single customer has a great experience every step of the way.

When it comes to State of the Art voice services, there are many pieces of the puzzle, but we strive to unify the pieces and simplify the process.

We expend a great deal of resources to ensure that we provide the latest technology and applications available for our customers."
